**OFFICE OF PETITIONS
A/C PATENTS**

I, BRIDGET COUGAR, declare as follows:

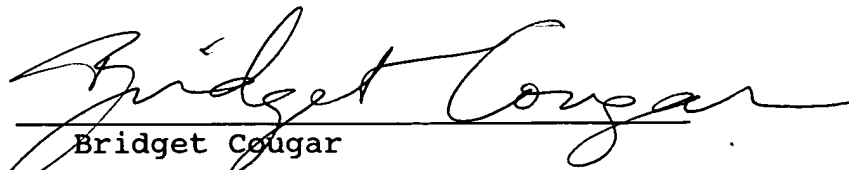

1. I was the Office Administrator at the law firm of Reed and Robins from May 1992 until May 1994. As part of my duties, I was responsible for docketing due dates for documents to be filed with the United States Patent and Trademark Office. However, as a result of an unintentional oversight, I failed to docket that an appeal brief was due in the above-identified application, on either the master docket or the responsible attorney's docket. Thus, a brief was not timely filed.

2. I declare that all statements made of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable

by fine or imprisonment, or both, under Section 1001 of Title 18 of the Unites States Code, and that such willful false statements may jeopardize the validity of the application or any patent resulting therefrom.
